This section describes what each charge is for.

**Your charges explained**

**Water usage**

This is a variable charge for the amount of water used at your property as recorded by the water meter.

**Water service**

This is a fixed charge for us to maintain the quality of your drinking water and maintain and construct water mains and treatment plants.

**Wastewater/sewerage service**

This is a fixed charge for us to responsibly dispose of the wastewater/sewage from your property with the exception of properties serviced by septic tank systems.

**Your water usage**  
Shows the previous and current readings for your water meter or meters.

**Your water usage**

Meter number: 02AF008888
